

Gergely Kobán

Professional researcher with detail-oriented nature. Years of programming experience and an aptitude for solving complex problems.

Work Experience

Assistant Research Fellow (2021-2023)

Wigner Research Center for Physics

Department of Space Physics and Space Technology

Research Assistant (2019-2021)

Budapest University of Technology and Economics –

Hunqutech Consortium

Education

Phd – Doctoral School of Physics (2021-)

Eötvös Loránd University

Astronomy and Space Physics Programme

MSc – Geophysics (2019-2021)

Eötvös Loránd University

Space Research and Remote Sensing Specialization

BSc – Physics (2015-2019)

Eötvös Loránd University

Computational Physics Specialization

Other Relevant Training

- 2022 Space Weather Simulation Summer School, Boulder, Colorado
- 2021 Alpbach Summer School
